

## SINNER DC

SINNER DC have been forging an increasingly solid reputation for impeccable tunes and sweeping electronic sounds for themselves over the years. The live trio from Geneva whose sound is as captivating as it is unique merges a combination of electronic investigations and terraforming sounds, which will stop for nothing. The minimal vocals, captured sound waves and clever programming all pull together to create another doorstep slice of goodness that Ai Records are getting renowned for.

SINNER DC have performed more than a hundred times as live act or dj set all over Europe with Plaid, The Field, Vitalic, Sigur Ros, M83, Spectrum, Margaret Dygas, Black Dice, Matias Aguayo, Nuno dos Santos & Patrice Bäümel, Mondkopf, Emperor Machine ... and also collaborated with artists such as Sonic Boom, Christian Marclay, Water Lilly, Rone, Object Object, Geoff McFetridge, Parra, Neil Krug, Piano Magic...

On stage, digital videos by Alexia Turlin & SINNER DC support a live show with drumming, real-time sampling, distant voices, toy organ, and slide guitar & bass...
